MBS ROOFINGS

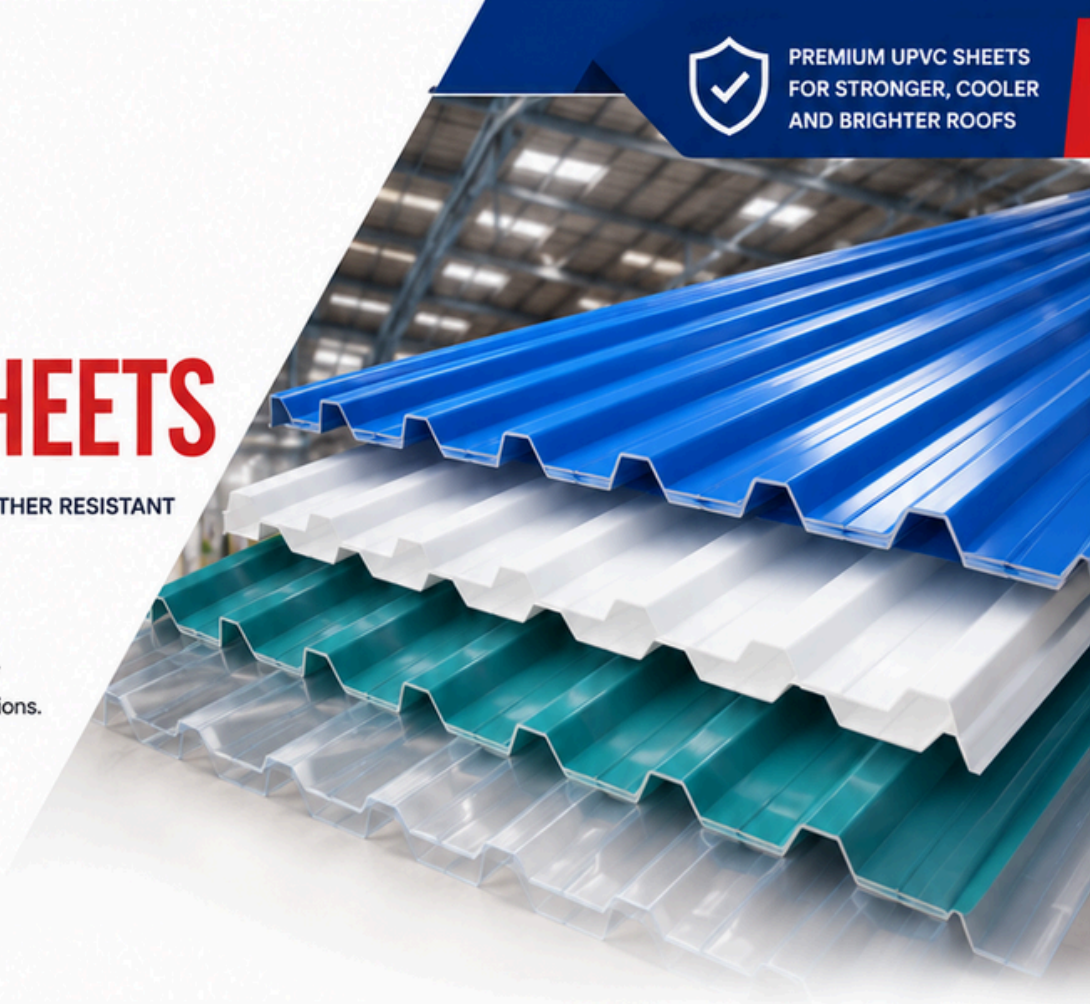
PREMIUM UPVC SHEETS FOR STRONGER, COOLER AND BRIGHTER ROOFS

UPVC ROOFING SHEETS

LONG LASTING | CORROSION FREE | WEATHER RESISTANT



MBS Roofings UPVC Roofing Sheets are manufactured using high quality unplasticized polyvinyl chloride material, designed to deliver exceptional performance in all weather conditions.

These sheets are corrosion free, lightweight, impact resistant and provide excellent protection while allowing natural light transmission for brighter and energy efficient spaces.

KEY FEATURES

WEATHER RESISTANT
Withstands harsh sunlight, heavy rain and extreme weather conditions.

CORROSION FREE
Does not rust or corrode, ensuring longer life and low maintenance.

UV PROTECTED
Special UV layer protects from sun damage and color fading.

LIGHTWEIGHT
Easy to handle, transport and install, reducing labor cost.

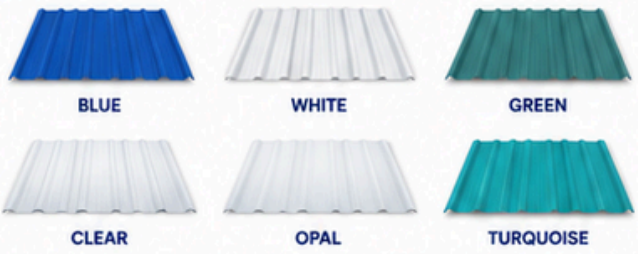
IMPACT RESISTANT
High impact strength for improved durability and safety.

NATURAL LIGHT TRANSMISSION
Allows natural light to pass through, reducing daytime power usage.

BENEFITS

- Long service life
- Low maintenance
- Energy efficient
- Fire retardant
- Environment friendly
- Ideal for industrial, agricultural and residential use

AVAILABLE COLORS



Custom colors available on request for bulk orders.

TECHNICAL SPECIFICATIONS (TYPICAL)

Material	Unplasticized Polyvinyl Chloride (UPVC)
Thickness	1.2 mm / 1.5 mm / 2.0 mm / 2.5 mm / 3.0 mm
Width	1050 mm (Effective Coverage 960 mm)
Length	Customized (As per requirement up to 11.8 mtr)
Profile	Corrugated / Trapezoidal
Temperature Resistance	-20°C to 70°C
Light Transmission	Up to 85% (for clear sheets)
Warranty	Up to 10 Years*

*Terms & conditions apply.

IDEAL APPLICATIONS

MBS ROOFINGS

STRONGER ROOFS
BRIGHTER SPACES
BETTER PERFORMANCE

POLYCARBONATE ROOFING SHEETS

TRANSLUCENT STRENGTH. NATURAL LIGHT.

MBS Roofings Polycarbonate Roofing Sheets are high-performance translucent sheets engineered for superior impact resistance, excellent light transmission and long-lasting clarity.

Ideal for applications where natural daylight is desired without compromising on strength, durability and weather protection.

KEY FEATURES

HIGH IMPACT RESISTANCE
Virtually unbreakable. Resists impact from hail, debris and accidental loads.

EXCELLENT LIGHT TRANSMISSION
Allows natural light in to reduce energy consumption and improve visibility.

UV PROTECTED COATING
Special UV layer protects against yellowing, maintaining clarity and performance for years.

WEATHER RESISTANT
Withstands harsh weather, heavy rain, winds and extreme temperatures.

LIGHTWEIGHT & STRONG
Up to 200 times stronger than glass and lightweight for easy handling.

EASY TO INSTALL & MAINTAIN
Easy to cut, drill and install with low maintenance requirements.

AVAILABLE COLORS

CLEAR | BLUE | GREEN

OPAL | BRONZE

Custom colors available on request for bulk orders.

MBS ROOFINGS

EFFECTIVE VENTILATION
ENERGY SAVING
ENHANCED COMFORT

TURBO VENTILATORS

BETTER VENTILATION | COOLER SPACES | IMPROVED AIR QUALITY

MBS Roofings Turbo Ventilators are designed to provide effective natural ventilation by utilizing wind power to extract hot air, fumes, smoke and pollutants from inside the building.

Manufactured from high quality aluminium with precision engineering, our turbo ventilators are durable, corrosion resistant and built for long lasting performance.

KEY FEATURES

WIND DRIVEN TECHNOLOGY
Utilizes natural wind power to extract hot air and improve ventilation.

EFFICIENT AIR EXTRACTION
Continuously removes hot air, fumes, smoke and moisture.

CORROSION RESISTANT
Made from premium grade aluminium for long life and durability.

WEATHER PROOF
Withstands harsh weather conditions and heavy rains.

NON ELECTRIC & SILENT
Operates without electricity, silent and maintenance free.

ENERGY EFFICIENT
Reduces heat buildup and energy cost by improving air flow.

EASY INSTALLATION
Simple installation on all types of roofing sheets.

STRONGER SUPPORT.
STRONGER STRUCTURES.

MBS ROOFINGS PURLINS –
THE FOUNDATION OF EVERY STRONG BUILDING.

MBS ROOFINGS

STRONG FASTENING
CORROSION RESISTANT
WEATHER PROOF

ROOFING SCREWS

TIGHTER FIT. STRONGER HOLD. LONGER LIFE.

MBS Roofings provides premium quality roofing screws that ensure perfect fastening, superior holding strength and long lasting performance for all types of roofing and cladding applications.

Manufactured using high grade materials with advanced coating technology, our screws offer excellent corrosion resistance and durability even in extreme weather conditions.

KEY FEATURES

HIGH HOLDING STRENGTH
Designed for superior grip and secure fastening on metal and roofing sheets.

CORROSION RESISTANT
Advanced coating protection ensures long life even in harsh environments.

WEATHER PROOF
Withstands extreme weather, UV rays and temperature variations.

EASY & FAST INSTALLATION
Sharp drill point and self drilling design for quick and hassle free installation.

DURABLE & RELIABLE
Made from premium materials for long lasting and dependable performance.

WIDE RANGE OF APPLICATIONS
Suitable for roofing, cladding, PEB structures and general sheet metal applications.

TYPES OF ROOFING SCREWS

SELF DRILLING SCREW (SD)
Used for fastening metal sheets to purlins up to 6mm thickness. Ideal for steel to steel applications.

SELF TAPPING SCREW (ST)
Perfect for fastening metal sheets to wooden structures. Provides strong grip and pull out resistance.

SELF DRILLING SCREW WITH EPDM WASHER
Comes with EPDM sealing washer to prevent water leakage and ensure a watertight fastening.

HEX HEAD SCREW
Heavy duty screw with hex washer head for strong fastening and high torque applications.

STAINLESS STEEL SCREW
High corrosion resistance for coastal and highly corrosive environments.

TECHNICAL SPECIFICATIONS

PARAMETER	DETAILS
Material	High Grade Carbon Steel / Stainless Steel
Coating	Zinc Plated / Epoxy Coated
Head Type	Hex Washer Head
Drive Type	Hex / Philips
Washer	EPDM Bonded Washer
Drill Point	Self Drilling / Self Tapping
Size Range	#10 x 16 mm to #14 x 100 mm (Standard)
Application	Roofing Sheets, Cladding, PEB Structures, Decking Sheets, General Fabrication
Corrosion Resistance	Excellent
Warranty	Up to 5 Years*

MAXIMUM PROTECTION

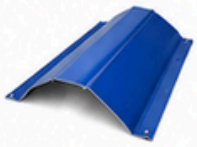
ROOFING ACCESSORIES

SMALL COMPONENTS. BIG PERFORMANCE.

MBS Roofings Accessories are designed to complement our roofing solutions and deliver complete protection, superior aesthetics and long lasting performance.

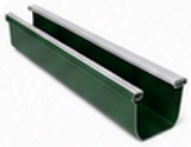
Every accessory is manufactured using high quality materials to ensure perfect fit, easy installation and reliable performance in all weather conditions.

OUR ROOFING ACCESSORIES



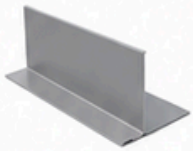
RIDGE CAP

Provides a watertight seal at the roof ridge. Enhances durability and appearance.



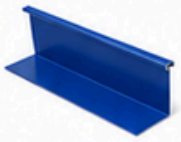
EAVE GUTTER

Collects and channels rainwater from the roof edge. Protects walls and foundations.



CORNER FLASHING

Designed for corners and edges to prevent water ingress and ensure a neat finish.



WALL FLASHING

Seals the junction between roof and wall. Prevents leakage and improves protection.

FOAM CLOSURE

Closes the gap under ridges and flashings. Blocks dust, wind, and water entry.

BUTYL TAPE

High performance sealing tape for leak proof joints and overlaps.

SEALANT

Premium quality sealant for waterproofing joints, overlaps and penetrations.

POLYCARBONATE WASHER

Ensures tight sealing with excellent UV resistance and longer life.

SELF DRILLING SCREW WITH EPDM WASHER

Strong fastening with perfect sealing. Corrosion resistant and durable.

VENT COWL

Allows air ventilation while preventing water, dust and birds from entering.

TURBO VENTILATOR BASE FLASHING

Ensures watertight installation of turbo ventilators on metal roofs.

GI STRIP / CLOSURE

Used for closures and trims to provide extra strength and clean finishing.

WHY CHOOSE MBS ACCESSORIES?

COMPLETE ROOFING SOLUTIONS
All accessories for a perfect roofing system.

PREMIUM QUALITY MATERIALS
Manufactured using high grade, corrosion resistant materials.

SUPERIOR PROTECTION
Designed to prevent leaks, enhance durability and improve performance.

LONG LASTING PERFORMANCE
Built to withstand extreme weather and provide long service life.

EASY TO INSTALL
Engineered for perfect fit and hassle free installation.

VALUE FOR MONEY
High quality accessories at competitive prices.

BUILT ON TRUST

OUR PROCESS
FROM CONCEPT TO COMPLETION

We follow a proven process to deliver roofing solutions that are strong, reliable and built to last.

01 CONSULTATION
We understand your requirements, site conditions and budget to provide the best solution.

02 DESIGN & ENGINEERING
Our experts create optimized designs and engineering drawings as per industry standards.

03 MANUFACTURING
Precision manufacturing using advanced machines and quality checked raw materials.

04 SUPPLY & LOGISTICS
Safe packaging and timely delivery to site through our efficient logistics network.

05 INSTALLATION
Expert installation by skilled professionals ensuring safety and perfect fit.

06 FINAL INSPECTION & HANDOVER
Rigorous quality inspection and on-time handover for complete peace of mind.

QUALITY CONTROL

Quality is built into everything we do. Our multi-stage quality checks ensure superior products every time.

RAW MATERIAL INSPECTION
All materials are tested for chemical composition, thickness and strength.

IN-PROCESS QUALITY CHECK
Regular inspection during every stage of manufacturing.

DIMENSIONAL ACCURACY
Ensuring precise dimensions, uniformity and consistency.

COATING & FINISH TEST
Checks for coating thickness, adhesion, gloss and scratch resistance.

PRE-DISPATCH INSPECTION
Final quality verification before safe dispatch to site.

QUALITY ASSURED PRODUCTS
Delivering products that meet national and international standards.

FREQUENTLY ASKED QUESTIONS

Q1 What types of roofing sheets do you offer?
We offer UPVC Roofing Sheets, Polycarbonate Sheets, Metal Roofing Sheets and a wide range of roofing accessories.

Q2 Are your products weather resistant?
Yes, all our products are designed to withstand extreme weather conditions including heat, rain, wind and corrosion.

Q3 Do you provide installation services?
Yes, we provide end-to-end solutions including supply and professional installation.

Q4 Can you customize sheets as per requirement?
Yes, we provide customized solutions in terms of thickness, length, profile and color.

Q5 What is the delivery time?
Delivery time depends on the product and quantity. We ensure on-time delivery for all orders.

Q6 Do you offer warranty on your products?
Yes, our products come with a warranty against manufacturing defects and color performance.

CARE & MAINTENANCE TIPS

- Clean sheets regularly with mild soap and water.
- Avoid harsh chemicals and abrasive cleaning tools.
- Ensure proper tightening of screws and accessories.
- Periodic inspection ensures long life and better performance.
